

Make your retirement savings grow. On the go.

With the MassMutual RetireSmart app, you'll be able to keep tabs on your retirement account and change your contribution amount right from your smartphone.

To login

1. Once the app is installed, sign in using your Retiresmart.com user name and password.
2. Select a plan to view (if you have more than one plan)*

The app lets you:

Make contributions, including automatic contribution increases to save more.**

And you can view:

- Rate of return
- Total account balance
- Balances by source and investment
- Vested balance by source
- Last contribution amount
- Asset allocation by investment in chart and list form

Download the app today!

To find the app, search for “RetireSmart” or “MassMutual” in your Apple App Store® or Google Play™.

* Available for retirement plans with employee contributions (i.e., 401(k) and 403(b) plans). Not available for employer-funded plans (i.e., defined benefit plans).

** If online contribution changes available in your plan.
